PRODUCT INFORMATION

Type : UV STERILIZATOR
Brand: HTL SUN UVGI
Model:

Warranty Period : 2 (Two) Years
Longest repair time: 30 (thirty) Days
Bandrol and Serial Number:

The seller firm is the firm written on the invoice.

WARRANTY CONDITIONS

1-The warranty period starts from the delivery of the goods and is two (2) years. This period cannot be less than two years.

2- The entire product, including all its parts, is under warranty.

3 - If it is understood that the good is defective, the consumer shall be subject to Article 11 of the Law No. 6502 on the Protection of the Consumer.

a) Cancellation from the contract,

b) Requesting a discount from the sales price,

c) To ask for free repair,

d) Requesting to be replaced with an equal number of products sold without any defects

4 - In the event that the consumer chooses the right to repair free of charge from these rights, the seller is obliged to repair or have the product repaired without any charge under the name of labor cost, replacement part price or any other name. The consumer can also use his free repair right against the manufacturer or importer. The seller is responsible for the use of this right by the manufacturer and importer consumer.

5- 5-If the consumer uses his free repair right; re-malfunctions within the warranty period,

- Exceeding the maximum period required for repair,

- if it is determined by the authorized service station, seller, manufacturer or importer that the repair is not possible with a report.

The consumer can request the return of the goods, a discount at the rate of defects or, if possible, the replacement of the goods with the amount without defects. The seller cannot refuse the consumer's request. If this request is not fulfilled, the seller, manufacturer and importer are jointly responsible.

6- The repair period of the product cannot exceed 20 working days. This period starts on the date of the notification of the defect to the authorized service station or seller within the warranty period or from the date of delivery to the authorized service station if the product is out of the warranty period. If the malfunction of the product is not repaired within 10 working days, the manufacturer or importer is obliged to allocate another product with similar characteristics to the use of the consumer until the repair of the product is completed. In case of malfunction of the product within the warranty period, the time spent in repair is added to the warranty period.

7-Malfunctions resulting from the use of the product contrary to the matters contained in the user manual are not covered by the warranty.

8-The consumer can apply to the Consumer Arbitration Committee or to the Consumer Courts in the place where the settlement is located or where the consumer transaction is made in the case of disputes that may arise regarding the use of his rights arising from the guarantee.

9-If this warranty certificate is not given by the seller, the consumer can apply to the Ministry of Customs and Trade, General Directorate of Consumer Protection and Market Surveillance.
